- Name: Noor Attended? YES
- Name: Joshua Attended? YES
- Name: Adeyinka Attended? YES
- Name: Anakha Attended? YES
- Name: Gabriela Attended? YES

Project Progress:

Team Member (1): Name: Noor

1. What did you accomplish yesterday?
Answer: Worked on
What will you do today?
Answer:
What obstacles are impeding your progress?
Answer:

Team Member (2): Name: Gabriela

2. What did you accomplish yesterday?
Answer: working in code movie still error
What will you do today?
Answer: fixed errors
What obstacles are impeding your progress?
Answer:

Team Member (3): Name: Afsheen

3. What did you accomplish yesterday?
Answer: Tried fixing the error for search functionality for the movies
What will you do today?
Answer: Commit last minute code
What obstacles are impeding your progress?
Answer: N/A

Team Member (4): Name: Joshua

4. What did you accomplish yesterday?
Answer: looked for appropriate data structures to present as a plan
What will you do today?
Answer: look at potential algorithms to perform searches
What obstacles are impeding your progress?
Answer: nothing

Team Member (5): Name: Anakha

5. What did you accomplish yesterday?
Answer: testing and report
What will you do today?
Answer: time complexity, test case table
What obstacles are impeding your progress?
Answer: n/a

Team Member (6): Name: Adeyinka

6. What did you accomplish yesterday?
Answer: testing the classes
What will you do today?
Answer: Run the code to see if it is passed or failed
What obstacles are impeding your progress?
Answer: A hardware issue on laptop

Project Progress:

Team Member (1): Name: Noor

7. What did you accomplish yesterday?
 Answer: Worked on debugging
 What will you do today?
 Answer: Same as above
 What obstacles are impeding your progress?
 Answer: None

Team Member (2): Name: Gabriela

8. What did you accomplish yesterday?
 Answer: helping in the searching code
 What will you do today?
 Answer: N/A
 What obstacles are impeding your progress?
 Answer:

Team Member (3): Name: Afsheen

9. What did you accomplish yesterday?
 Answer: Continued working on my search implementation
 What will you do today?
 Answer: Continue working on the function and standby
 What obstacles are impeding your progress?
 Answer: N/A

Team Member (4): Name: Joshua

10. What did you accomplish yesterday?
 Answer: calculated the time complexity for the bubble sorty algorithm
 What will you do today?
 Answer: update the justification portion of the group report and include additional information about the justification and time complexity for hash tables and bubble sort.

What obstacles are impeding your progress?

Answer: nothing

Team Member (5): Name: Anakha

11. What did you accomplish yesterday?

Answer: tested the codes

What will you do today?

Answer: updated some test case and file(commited it),worked on report

What obstacles are impeding your progress?

Answer: n/a

Team Member (6): Name: Adeyinka

12. What did you accomplish yesterday?

Answer: testing the test cases

What will you do today?

Answer: complete all test case and running the (commited)

What obstacles are impeding your progress?

Answer: nothing

Team Member (1): Name: Noor

13. What did you accomplish yesterday?

Answer: Finishing off for submission

What will you do today?

Answer: Fixing CSV parsing file for TV shows

What obstacles are impeding your progress?

Answer: None

Team Member (2): Name: Gabriela

14. What did you accomplish yesterday?

Answer: I am trying to work in fix data structure

What will you do today?

Answer: working in dix data structure

What obstacles are impeding your progress?

Answer:

Team Member (3): Name: Afsheen

15. What did you accomplish yesterday?

Answer: Fixed any errors and was standby for anyone needing any help. Finished conclusion too.

What will you do today?

Answer: Continue working on my search implementation for movies

What obstacles are impeding your progress?

Answer: N/A

Team Member (4): Name: Joshua

16. What did you accomplish yesterday?

Answer: implemented the bubble sort algorithm but had to change the hastable data structure to vector

What will you do today?

Answer: try to calculate the time complexity for the bubble sort

What obstacles are impeding your progress?

Answer: nothing

Team Member (5): Name: Anakha

17. What did you accomplish yesterday?

Answer: worked on test cases

And commit in git

What will you do today?

Answer: worked on movies test file comites it, logintest

What obstacles are impeding your progress?

Answer:

N/a

Team Member (6): Name: Adeyinka

18. What did you accomplish yesterday?

Answer: Study on how to write test cases

What will you do today?

Answer: Trying to figure how to fix the error of not reading from the csv

What obstacles are impeding your progress?

Answer: Nothing

21. What did you accomplish yesterday?

Answer: Tried implementing the code where movies will be viewed according to a specific genre, language and actor.

What will you do today?

Answer: Finish and commit the code and move on to conclusion and calculating time complexity.

What obstacles are impeding your progress?

Answer: None

Team Member (4): Name: Joshua

22. What did you accomplish yesterday?

Answer: Tried to implement the bubble sort algorithm

What will you do today?

Answer: Continue my attempt of implementing the bubble sort algorithm

What obstacles are impeding your progress?

Answer: Nothing

Team Member (5): Name: Anakha

23. What did you accomplish yesterday?

Answer: Worked on test cases, implementation of test files and report

What will you do today?

Answer: Worked on test files, time complexity

What obstacles are impeding your progress?

Answer: None

Team Member (6): Name: Adeyinka

24. What did you accomplish yesterday?

Answer: Trying to fix the error of the movie not reading from the csv

What will you do today?

Answer: Creating test cases for the program

What obstacles are impeding your progress?

Answer: Debugger isn't working and can't find errors in written code.
