

Daily Standup Meeting

Project Name: Streamflix	Group Name: Infinite Solutions
Sprint Number: 1	Date and Time: 11/03/2024 2:00 PM

List of attendance:

- Name: Afsheen Attended? YES
- Name: Noor Attended? YES
- Name: Joshua Attended? YES
- Name: Adeyinka Attended? YES
- Name: Anakha Attended? YES
- Name: Gabriela Attended? YES

Project Progress:

Team Member (1): Name: Noor

1. What did you accomplish yesterday?

Answer: Worked on analysing the benefits and potential speed of our chosen data structure, still not finished

What will you do today?

Answer: Work on creating and receiving data from the csv movies file to be used in the streaming service

What obstacles are impeding your progress?

Answer: Waiting for classes and attributes so I can begin on creating the functionality. Intend to have: Ability to add a show to "watch later", ability to display all movies and TV shows on request and filter based off of user input i.e. all in spanish, all shows, all by specific actor

Team Member (2): Name: Gabriela

2. What did you accomplish yesterday?

Answer: Trying to find how to implement hash table and also get the validation working

What will you do today?

Answer: Continue to work on report

3. What obstacles are impeding your progress?

Answer: None

Team Member (3): Name: Afsheen

1. What did you accomplish yesterday?

Answer: Made a detailed plan with how the hash table could be implemented in our code and how we can use it.

2. What will you do today?
Answer: Try coding and implementing the ideas further.
3. What obstacles are impeding your progress?
Answer: The movie's csv file.

Team Member (4): Name: Joshua

1. What did you accomplish yesterday?
Answer: Considering different methods of implementing the hash table data structure with the csv
2. What will you do today?
Answer: Test out those methods and write some functions
3. What obstacles are impeding your progress?
Answer: The movie csv file

Team Member (5): Name: Anakha

1. What did you accomplish yesterday?
Answer: Worked on hash tables which I was learning, attempted to implement in code
2. What will you do today?
Answer: Try further coding and improve it, also trying to test the code which is being written.
3. What obstacles are impeding your progress?
Answer: Movies csv file and also in writing some functions.

Team Member (6): Name: Adeyinka

4. What did you accomplish yesterday?
Answer: Researching on how to implement the hash table with code
5. What will you do today?
Answer: Write code for when user logs in, their details will be read from the user csv file
6. What obstacles are impeding your progress?
Answer: Errors

“Alone we can do so little; together we can do so much.” – Helen Keller
