Team Member (1): Name: Noor

1. What did you accomplish yesterday?

Answer:

Completed portions of the report, introduction (report structure and introduction to project) sections and have collectively settled on a powerful data structure of choice in completion of our plan

What will you do today?

Answer:

Have begun analysing the impact of that data structure on the efficiency and speed of our code's output and search functionality

What obstacles are impeding your progress?

Answer:

None

Team Member (2): Name: Gabriela

2. What did you accomplish yesterday?

Answer:

In our meeting, we talked about what would be the best data structure for our project, I did a search and the best option was the hash table since it efficiently supports the operation

What will you do today?

Answer:

I will commit to github for registration and log in validation

3. What obstacles are impeding your progress?
